ACTIVITIES AND INTERESTS

- Programming
- Ex-leader at Chiro Vorselaar
- Swimming
- Padel
- Dungeons & Dragons

KEY CHARACTERISTICS

- Leadership
- Eager to learn
- Computer skills
- Multilinguistic
- Thinking out of the box
- Team player

WORK EXPERIENCE

Internship Flutter Developer
icapps Antwerpen
Februari 2023 – May 2023
During my 13-week internship at icapps, I worked as a Flutter Developer on the "Tour de icapps" project, focusing on Flutter for Web development. I worked on this project as a Flutter developer to design and implement features, optimize performance, and ensure a seamless user experience.

IT Services & SAP
Hout Luyten Morkhoven
August 2020 – March 2022
At Hout Luyten my job consisted of assisting with the transition from the old ERP system (SDP) to the current system used by Hout Luyten (SAP Business One 9.3). My tasks mostly consisted of entering articles into the system and making sure all the data was accounted for.
During this time I also had the privilege of joining business meetings that consisted of the general management at Hout Luyten and representatives of SAP.

Website Maintenance & Registration
Chiro Vorselaar
2018 – Currently
I am responsible for maintaining and editing the website of Chiro Vorselaar, together with 3 of my fellow leaders. With my peers, we successfully enabled our members to register online for general registration and camps during the Covid-19 epidemic.

IT Helpdesk & SAP
Ecover Malle
January 2018 – February 2018
I assisted in the migration from an on-premise working environment to a cloud-based environment using SAP Fiori. I also helped with designing a modern, sleek user interface for the SAP Fiori environment.

EDUCATION

Thomas More Geel
